

## Coaching and Leading a Work Team

*Leadership is one of those things that's often awfully hard to define but you know it when you see it, and you definitely know when it's missing.*

This workshop is equally suitable to new and experienced superiors and team leaders.

This is a highly interactive and engaging workshop which focuses on the key interpersonal qualities required of a team leader. It is designed to empower leaders and supervisors to recognise, harness and develop the individual and collective talents of their team and to ensure their team is productive.

### Target audience:

Team leaders and supervisors and leaders in training

**Duration:** 1 day
